Shiva Frentzen, President and Owner of CAL Internet Services and Eldoradobusiness.com in Cameron Park has received the Community Service Business of the Year Award from the El Dorado County Chamber of Commerce. Shiva was honored at the El Dorado County Chamber Awards Luncheon on March 16. " This award is presented to business owners who have demonstrated a strong and ongoing commitment to supporting our community, "said Laurel Brent-Bumb, CEO, of the El Dorado County Chamber." "Shiva has volunteered countless hours of community service to the local business and economic development of this region."

In 1998, Shiva launched CAL Internet Services, a technology company providing web hosting, web design and development. Then, in 2004, responding to community need, www.eldoradobusiness.com, an online yellow pages/business directory was created. "We are very excited about this award and recognition for our business, said Shiva." "We currently have 13,000 businesses online, and that number is growing daily." This on-line directory is an outstanding resource for residents and business owners who need to quickly and easily locate services and businesses in El Dorado County.

As the past President of the Shingle Springs/Cameron Park Chamber of Commerce, and a member of the El Dorado County Economic Development Committee, she continues to make a significant contribution to promoting the future business and economic development of this area.
